

SALAMI AMERICANO

Brand New Item! The newest member of our line is salami in the Italian-American tradition, with a hint of garlic and black peppercorn. It shares the tender texture and meat-forward flavor of our popular Borsellino Salami, but with a larger diameter (approx 2.5”), making it easy to handle on a slicer.

We created this salami with the kitchen in mind. Wonderful in a sandwich with all the fixings or layered on a pizza. Plus, we sell it with the casing removed so no peeling needed!
